Subject: confirming EPA/SB June 10th meetings to discuss WQCP Phase I
[Agenda for 6-10-14 State Board EPA meeting Bay Delta WQCP.docx](#)

Hello,

I am writing to confirm EPA's attendance on Tuesday June 10th at three briefings for state board members. I am sharing the attached proposed agenda in case anyone wants to review it in advance but I will bring hard copies as well.

Perhaps, Alicia, Anna and Deborah can confirm the board members still have us on their calendars for Tuesday. A fair amount of time has passed since we initially scheduled this and I know how the drought work can often clear all calendars of any other intended topics!

Here's the schedule as I have it:

9:30-10:30 am – Board Chair Marcus, room 25-30

11-noon – Vice Chair Spivy-Weber and Board Member D'Adamo, room 25-30

1-2 pm - Tam Doduc and Steven Moore, room 24-10

Thanks so much

-Valentina

Hi Diane

Just one correction to my email below. I looked at the wrong post it when sending you the email and the dates that would work are June 10/11 or 25/26/27.

Just in case you're forwarding this on to the right people, wanted to make sure it was the right date in the email.

Subject: scheduling an hour on your board members' calendars - June 16/17?

Hi Diane,

I am interested in scheduling one hour meetings with your board members to discuss primarily the Phase I WQCP updates but likely also touch on Phase II and flow impairments. Jane Diamond left messages for Tom Howard and Barbara Evoy today letting them know that we would be scheduling these meetings.

Jane Diamond, John Kemmerer, Tim Vendlinski, Erin Foresman and myself will be attending. The first two of those calendars are most restrictive for timing and it looks like the first time we are all available is June 16 or 17. It would be ideal if we could do it on one day if possible and stagger the meetings so that we never meet with more than two board members. I've only attended but never been the one to schedule these meetings before so I'm curious whom you think I should contact for scheduling purposes.

Thank you in advance for your help and I hope you are surviving the barrage of temporary urgency chance petitions.
